

# Perkins V

FY21 Comprehensive Local Needs Assessment Worksheets  
Appendix A

## Introduction

One of the most significant changes in Perkins V (The Strengthening Career and Technical Education (CTE) for the 21st Century Act) is the new requirement for local applicants to conduct a comprehensive local needs assessment (CLNA) and update it at least every two years.

The CLNA is designed to drive local application development and future spending decisions. It is an opportunity to review your entire Career and Technical Education (CTE) program with an in - depth lens. It is a vital time to identify areas where targeted improvements should be made. It is also a powerful opportunity to engage stakeholders in a common understanding and vision for the future of CTE in your community.

**Perkins V requires, at a minimum, some of the following participants be engaged in the initial needs assessment, the local application development, and in ongoing consultation with representation from: (Please check all who participated to verify this has been done) All listed are required in Perkins V unless noted with an asterisk (\*).**

- Administrators and faculty
- Secondary teachers
- Postsecondary Administrators and faculty\*
- School counselors and advisement professionals\*
- Tribal organizations and representatives
- Corrections education staff\*
- Representatives of special populations
- Data staff
- Any other stakeholder required by the Utah Board of Education or a local decision
- Business and community partners\*
- Local workforce development and economic development boards
- Students and Former Students
- Human Resource department members
